

Policy Regarding the Legal and Ethical Use of Technology Resources, Electronic Mail, and the Internet

INTRODUCTION

To ensure that students receive a quality education and that employees are able to work in a professional and intellectually stimulating environment, it is the policy of Gadsden City Schools to provide all students and employees with the opportunities to access a variety of technology resources.

The creation of a large and varied technology environment demands that technology usage be conducted in legally and ethically appropriate ways, consistent with the instructional goals of the Gadsden City Schools.

Thus, it is the intention of the Gadsden City Schools that all technology resources will be used in accordance with any and all school system policies and procedures, as well as local, state, and federal laws and/or guidelines governing the usage of technology and its component parts. Additionally, it is implied that all students and employees of the Gadsden City Schools will use the provided technology resources so as not to waste them, abuse them, interfere with or cause harm to other individuals, institutions, or companies. Gadsden City School technologies may not be utilized for personal gain.

POLICY STATEMENT

The primary goal of the technology environment is to support the educational and instructional endeavors of the students and employees of the Gadsden City Schools.

Individuals must take all reasonable precautions to prevent unauthorized access to accounts and data and any other unauthorized usage within and outside the Gadsden City Schools.

Duplication of any copyrighted software is prohibited unless specifically allowed for in the license agreement.

Individuals are expected to report any violations of this policy and/or problems with the security of any technology resources to the Principal or the System Technology Coordinator.

Any use of technology resources that reduces the efficiency of use for others will be considered a violation of this policy.

Students and employees of the Gadsden City Schools must not attempt to modify technology resources, utilities and/or configurations, or change the restrictions associated with their accounts, or attempt to breach any technology resources security system, including internet content filtering, either with or without malicious intent.

The Principal of each school will be responsible for establishing specific practices to enforce this policy at individual schools.

The legal and ethical practices of software and hardware usage will be conveyed to all students and employees in the system (i.e. during computer lab orientation; during faculty meetings, etc.).

All Gadsden City Schools technology resources, regardless of purchase date or location, are subject to this policy.

Any questions about this policy, its interpretation, or specific circumstances shall be directed to the Systemwide Technology Coordinator. Violators of this policy will be handled in a manner consistent with comparable situations requiring disciplinary action, including, but not limited to: (1) loss of access; (2) additional disciplinary action to be determined at the individual school in line with the Code of Student Conduct for the Gadsden City Schools or other board policy; and (3) legal action, when applicable.

ELECTRONIC MAIL

The Gadsden City School System provides access to electronic mail for many of its employees and **students**. That access is for their use in any educational and instructional business that they may conduct. Staff personal use of electronic mail is permitted as long as it does not violate Gadsden City Schools' policy or adversely affect others. Contents and usage of electronic mail shall be the property of the Gadsden City School System.

Electronic Email is available for support of educational, instructional, extracurricular, and administrative activity. With that purpose in mind, electronic mail accounts are available to students according to the following guidelines:

- a. Students receiving email accounts, *Google Apps for Education*, must use these accounts for instructional purposes only.
 - i. Students are responsible for not sharing the password for their account with others. Students will be held responsible if another person utilizes their account.
- b. All student email accounts are subject to monitoring, archiving, and acceptable use policies.
- c. The Board cannot guarantee the privacy, security, or confidentiality of any information sent or received via electronic mail. Contents of electronic mail cannot be considered private. All contents of electronic mail are the property of the Board. Students will not be allowed to use the district e-mail account to communicate outside the school district.
- d. Students receiving email accounts must use these accounts for instructional purposes only and, while at school, should only use mail accounts provided by the district.
- e. Students assigned an email account will use that account as long as they are attending a school within the Gadsden City Schools.

INTERNET

Information from electronic sources alters the educational environment by opening unlimited resources. The intent of the Gadsden City Schools is to provide access to resources available via the Internet with the understanding that faculty, staff, and students will access and use information that is appropriate for their various curricula. The Gadsden City Schools have taken precautions to restrict access to inappropriate materials. However, on a global network it is impossible to control all materials. We believe that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the District. Internet access is provided to allow students to conduct research and to communicate with others. Parents of students under the age of 17 may request that their child not be allowed to independently access the Internet by notifying the principal in writing within fifteen (15) school days of the student's first day of attendance each school year. This restriction will apply to the student independently operating any Board owned, leased, or controlled technology resource to access the Internet. It does not prohibit the student from viewing Internet sites presented by school personnel or by other students as part of a lesson, or from using Internet-hosted software used by the school. In these cases, school personnel will take appropriate and reasonable steps to, as much as possible, restrict the student from using computers to access the Internet independently.

All school rules and guidelines for appropriate technology usage shall apply to usage of the Internet. Because communications on the Internet are, often, public in nature, all users should be careful to maintain appropriate and responsible communications.

To maintain system integrity and to insure that the system is being used responsibly, the Gadsden City Schools reserve the right to review files and network communications. Users should not expect that files stored on the Gadsden City Schools' servers will be private.

All home pages (starting point for a group or individual directory of Internet sites and/or other information) will be reviewed by the System Technology Coordinator for approval before being publicly posted.

Internet access is a privilege, not a right. All Internet users are expected to act in a considerate and responsible manner.

The following are not permitted on any Gadsden City Schools Network or the Internet:

1. sending, displaying, or downloading offensive messages or pictures
2. using obscene language
3. harassing, insulting, or attacking others
4. damaging computers, computer systems, or computer networks (this includes changing workstation and printer configurations)
5. violating copyright laws
6. using other user passwords
7. trespassing in other user files, folders, or work,
8. intentionally wasting limited resources, or
9. plagiarizing.

PLAGIARISM

Definition: To steal and pass off (the ideas or words of another) as one's own: use (another's production) without crediting the source. (n.d.). Retrieved Oct. 28, 2011, from Merriam-Webster Online Dictionary Website: <http://www.merriam-webster.com/dictionary/plagiarizing>.

Plagiarism is expressly prohibited by students and staff of the Gadsden City Schools.

INTERNET SAFETY

1. Students are not to access inappropriate matter on the Internet and World Wide Web.
2. Students are not to use school system equipment or resources to electronically communicate with individuals for non-instructional purposes. This includes e-mail correspondence, chat rooms, instant/real time messenger services, or any other form of electronic direct communication. Such contacts may only be made with the approval and supervision of school system personnel and be conducted solely for instructional purposes.
3. Students are prohibited from participating in any unauthorized access ('hacking') of computer systems or any other unlawful technological activities.
4. Students and school system employees are prohibited from the unauthorized electronic disclosure of personal student information such as name, home address, phone number, age, or race.
5. Student instruction will include training regarding appropriate online behavior including interacting with other individuals on social networking websites and in chat rooms, and regarding cyber bullying awareness and response.
6. The Gadsden City Schools have taken filtering and supervisory precautions to restrict intentional or accidental access to inappropriate sites on the internet.

PHOTOGRAPHIC AND VIDEO IMAGES

Periodically, photographs and video of student activities may be placed in public venues, including but not limited to, newspaper, magazine, websites, Facebook, and cable television channels. Full names are typically not included with these images. If there is any reason a parent DOES NOT want images (Photo or Video) of their child to appear, they must annually notify the school principal and submit a request for non-participation for these types of activities. Specific reasons are not required of the requesting parent. NOTE: The school district does not have distribution control of photos or videos taken at public activities such as athletic events.
